### INVITATION to the

8th Int. AVCA Motorfahrer-Wertungsfahrt (FIVA B)

a rally for ancient vehicles manufactured until 1918

The winner will be awarded the “Melanie Gräfin Khevenhüller-Metsch Trophy”  
in Velden am Wörthersee from August 26<sup>th</sup> to 30<sup>th</sup>, 2020

Melanie Gräfin Khevenhüller-Metsch was a pioneer concerning the history of cars in Austria.

As one of the founders of the Austrian automobile club and as a member of the Executive Board she played an active role in the various activities of the club in the early years. With her enthusiasm for races, she had not only organized car races already at the beginning of the last century, but she had also taken part in these car races herself. Her car, the ‘Mercedes Simplex 1904’, has been owned by the Carinthian noble family Khevenhüller-Metsch since 1905.

The countess’ original car, driven by her great-grandchild, Count Khevenhüller-Metsch, is taking part in the rally as well but outside the ranking.

In the course of this our rally we will be exploring the beautiful Carinthian landscape as well as some of the historically significant houses that were closely linked to the Khevenhüller family in former days.

The Khevenhüller-Metsch family and the Austrian Automobile Club (ÖAMTC) have decided to donate a challenge cup.

(The original cup, dating back to 1909, is part of the private collection of the Khevenhüller-Metsch family)

The previous winners of this copy of the original cup were:

2005 Heinrich Brühne - Mercedes Knight

2008 Helmut Czajka - Laurin & Klement

2010 Willi Holländer - Renault BZ

2012 Egon Grünwald - Rochet Schneider

2014 Wolfgang Krämer – Brasier

2016 Stefan Lochbühler – Buick

2018 Presinger Wolfgang – Benz

The aim of the Automobile Veteran club Austria (AVCA) is to support a ‘museum on wheels’ on Carinthian roads.

Velden am Wörthersee provides the perfect conditions for this event.

We would like to invite you to attend the rally.

The routes and distances are carefully selected to meet the requirements of ancient vehicles manufactured until 1918. Nevertheless, please keep in mind that you must cover a distance of about 150 km every day and that hilly terrain and short ascents are part of the beautiful Carinthian landscape.
